Dotted Eyes is a market leader in the field of Geographical Information Systems (GIS), based in Bromsgrove, Worcestershire. Due to continued growth, we have a Software Engineer position available within the Development team, reporting to the Technical Director.

We seek an enthusiastic individual with an interest in web technologies and experience of building robust web applications. Some client and end user contact is expected including consultation, requirements gathering and support of solutions.

### Essential Skills:

- Strong skills in Object Orientated design and development.
- Sound experience implementing Java web applications utilising Hibernate, Struts, Spring or similar.
- Excellent HTML, CSS, JavaScript and ActionScript skills.
- Experience working with Tomcat, WebSphere or similar.
- An interest in current software development best practices.
- Strong application process flow and problem solving techniques.
- Ability to estimate effectively and work to fixed deadlines.
- High levels of software engineering literacy and communication skills.
- Friendly and professional manner and the ability to form good relationships with coworkers.
- Bachelor's Degree in Computer science or related degree; or related expertise and experience.

### Preferred Skills:

- Understanding of web accessibility and usability.
- Database development skills including design, SQL and PL/SQL.

### Package:

Salary: £26k to £32k depending on experience;

Personal Pension Scheme managed by Scottish Widows. Company contributions into the scheme are 3% of basic salary and the employee may make additional contributions subject to statutory limits;

Quarterly bonus scheme linked to company performance.

20 days holiday plus the standard bank and public holidays of England. An additional day of holiday for each year of employment you have completed by the start of the holiday year, up to five additional days.

**How to apply:**

Email your CV or any queries to [matt.walker@dottedeyes.com](mailto:matt.walker@dottedeyes.com).

**Strictly no agencies.**

No references will be sought without permission.
