Participating Partners

## You're Invited!

**Join us together with our co-host, Dotted Eyes and our participating partners, Infoterra, Intergraph UK and Star-Apic, for a complimentary User Group event!**

**Attend this intimate and interactive event at Ordnance Survey Business Centre in Southampton to learn how to get the most out of your FME investment. Plus explore new ways that FME can help you address your spatial data interoperability challenges.**

### Program Overview:

The agenda will be packed with both informative and interactive sessions. Highlights include:

- Take a detailed look at the NEW FME 2010 and beyond with Safe Software Co-founder and President, Don Murray
- Discover FME best practices and new tips and tricks to extend your spatial ETL expertise
- Hear first-hand about recent FME projects from other organisations
- Network and exchange ideas with other FME users in your local area

### Desktop and Server Training:

There will also be the opportunity to learn from the experts and gain hands on experience with FME Desktop 2010 and an introduction to FME Server 2010.
